When will the church reopen?

This is a question many are asking. There is much concern for the welfare of our congregation. We do not want to do anything that would jeopardize the health of our congregants. We want you to feel comfortable and safe in our house of worship. To achieve this goal a committee has been formed and has sent out a survey. Please take the time to complete the survey either online or by mail. If the church office has your email address, an online invitation to participate in the survey was sent to you. If you share an email address with your spouse, more than one survey can be completed using the same email address (all members in the household should complete the survey). A paper copy of the survey was sent to all members whose zip code starts with 294. For additional printed copies contact the church office.
